CHARACTERISTICS

Roberta, GA & Byron, GA

Atlanta Sand & Supply Company's construction sands are produced from high purity industrial quartz sands for a wide variety of construction uses. We provide a consistent gradation of silica sand, which is ideal for many construction related purposes.

All of Atlanta Sand's products are processed and sized under a rigid quality assurance program. Our goal is to produce a consistent group of products, which will meet various specifications including ASTM, Georgia Department of Transportation and Federal Aviation Administration.
